

'Spotlight on...' learning toolkits aim to raise awareness and drive change. The toolkits provide resources including guidance, case studies and best practice examples from across the industry and beyond to help the construction industry to address these issues and raise their standards in these important areas of concern.

people will experience
a mental health problem
of some kind each
year in England

MIND (2021)

Spotlight on... mental health

Everyone can suffer from poor mental health.
This toolkit explores how the construction industry
can help its workforce through it.
