Reasons for Selecting Blocks from Laird Bros.

The reason for choosing Lairds to supply our concrete block is down to them being the closest manufacturer to the site reducing the travel distance of the materials.

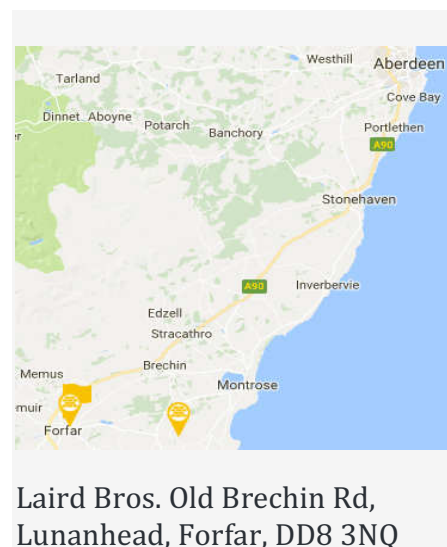

About Laird Bros;

As a fourth generation family business, we know the importance of trust and building strong, enduring client relationships.

We deliver various sizes and strengths of concrete blocks both in dense and lightweight to the Scotland market. Our range of coursing and common brick as well as our newly improved paint grade blocks add to a comprehensive range of concrete products. All products

can be delivered as a mixed load on our fleet of articulated lorries.

We know that with every delivery, our reputation is on the line, so we strive to deliver consistently high-quality products, and customer service to match.
