## Skip review activity – Week 1 and 4

With at least five colleagues, please review the contents of one skip completing the information below.

You'll need the Waste Hierarchy diagram and cost of items sheet on the next pages to help you complete it:

Contract Name:		Date:	Size of skip:	
Length of time skip has been in use:		Total weight of skip:	Cost of ski	p:
Name of attendees to the activity:				
Name of item	What % of the skip does the item take up?	Looking at the waste hierarchy (page will happen to that item of waste?	2), what	Using the cost sheet (page 2), work out the total cost of items in the skip
				TOTAL:

## **Cost Sheet**
