

The highlighted species below are the ones that would fit with the metric's preference for native species. As the plants are in planters, they'd go into the metric as ground level planters, except for the trees that would be entered as urban trees. They're all low-medium distinctiveness plantings. When you're creating urban habitats, it's more important to plant native species as most urban habitat types are low distinctiveness. All the other plants would probably be classed as introduced shrub which is another low distinctiveness habitat type.

In an urban setting, it's quite difficult to achieve anything better than low-medium distinctiveness if you're using planting mixes such as the below. Native shrub and hedge species, trees and grass / wildflower mixes are better for biodiversity and are reflected more positively in the metric. The below planting mix has plenty of pollinator interest in all of the unhighlighted species so qualitatively there's going to be benefit to invertebrates and bats.

SPECIES	CATEGORY	QUANTITY
Acer campestre 350/400 520L	Tree	1
Akebia quinata	Climber	4
Anemone blanda	Bulb	105
Anemone x hybrida 'Honorine Jobert' 2L	Perennial	36
Asplenium scolopendrium 2L	Perennial	38
Astilbe Deutschland 2L	Perennial	49
Astrantia major 'Claret' 2L	Perennial	49
Betula pendula multi-stem 500/600 450L	Tree	1
Brunnera 'Betty Bowring' 2L	Perennial	45
Carex oshimensis 'Irish Green' 2L	Perennial	59
Choisya 'White Dazzler' 10L	Shrub	6
Convallaria majalis	Bulb	74
Digitalis purpurea 2L	Perennial	26
Digitalis purpurea 'Alba' 2L	Perennial	24
Dryopteris wallichiana 5L	Perennial	29
Enkianthus campanulatus 80L 150/200	Specimen	3
Epimedium pubigerum 2L	Perennial	47
Euonymus alatus 10L	Shrub	6
Euphorbia amygdaloides var. robbiae 2L	Perennial	42
Galanthus nivalis	Bulb	107
Geranium phaeum 'Lily Lovell' 2L	Perennial	45
Geum rivale 'Leonards Variety' 2L	Perennial	10
Geum rivale 'Leonards Variety' 2L	Perennial	30
Hedera helix 'Woerner'	Climber	9
Helleborus niger 2L	Perennial	49
Hydrangea anomala petiolaris	Climber	4
Hydrangea paniculata 'Lime Light' 65L 150/175	Specimen	3
Hydrangea quercifolia 10L	Shrub	6
