Drink
a little,
risk,
alot.

Heading out after work? Stay safe.

Don't drink and drive.

You risk losing your licence

If you're caught drink driving, you will lose your driving licence – and the independence it gives you. Life could look very different without it.

You risk losing your job

If you can't drive for work, you could lose your job.

You risk losing your future

You could damage your future career prospects and everything you've worked hard for.

Going out after work? If you're driving, stay safe and skip the alcohol.

If you're driving equipment at work tomorrow, stay off the alcohol tonight.

Thousands of people are checking their drinking with Drinkaware's **FREE** Drinking Check. To join them, **scan the QR code**.
